

Suggestion 2

This is my bird life list. It has two columns – left with full species and right with sub-species. That implies that I have probably seen all the species/sub-species, which is not correct. I suggest that the list segregates the records of birds that have been only heard. For this purpose I suggest to add an extra check box to the next

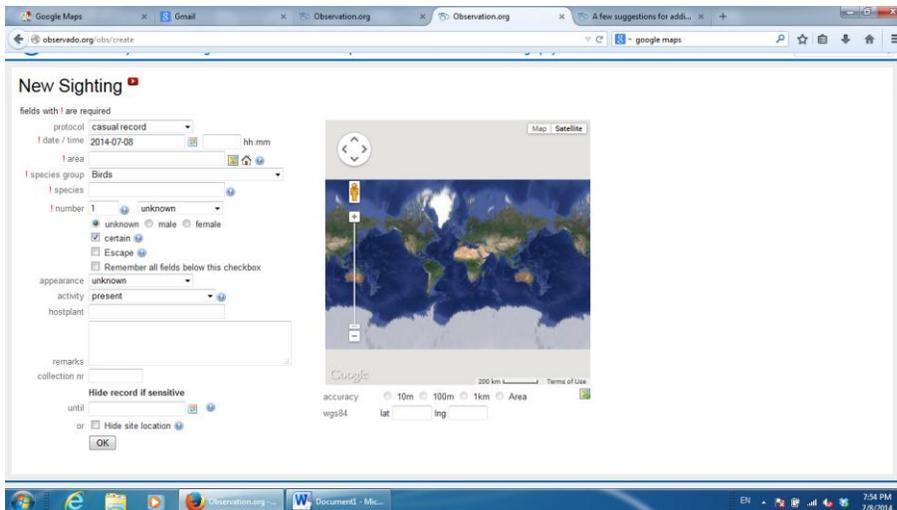

The screenshot shows the 'My Observations' page on Observation.org. The page is filtered for 'Birds' and shows a list of sightings. The list is divided into two columns: 'species type : species' and 'species type : subspecies'. Each entry includes a number, species name, first date, number of sightings, and last date. The species listed include Common Ostrich, Helmeted Guineafowl, Wild Turkey, Ruffed Grouse, Hazel Grouse, Red Junglefowl, Greater White-fronted Goose, and Purple Heron.

| # | species | first date | number # | last date |
|---|---|------------|----------|------------|
| 1 | Common Ostrich - <i>Struthio camelus</i> | 2005-11-20 | 1 | 2005-11-20 |
| 2 | Helmeted Guineafowl - <i>Numida meleagris</i> | 2005-11-20 | 3 | 2008-05-29 |
| 3 | Wild Turkey - <i>Meleagris gallopavo</i> | 2013-06-11 | 6 | 2013-06-17 |
| 4 | Ruffed Grouse - <i>Bonasa umbellus</i> | 2013-06-10 | 1 | 2013-06-10 |
| 5 | Hazel Grouse - <i>Tortrix bonasia</i> | 2014-04-24 | 1 | 2014-04-24 |

| # | species | first date | number # | last date |
|---|--|------------|----------|-------------------|
| 1 | Red Junglefowl ssp galus - <i>Gallus gallus gallus</i> | 2008-01-20 | 1 | 2008-01-20 |
| 2 | Greater White-fronted Goose ssp albifrons - <i>Anser albifrons albifrons</i> | 2004-01-30 | 2 | 35,866 2004-01-30 |
| 3 | Pied-billed Grebe ssp artilarium - <i>Podilymbus podiceps artilarium</i> | 2014-03-09 | 2 | 2014-03-09 |
| 4 | Purple Heron ssp madagascariensis - <i>Ardea purpurea</i> | 2008-09-08 | 1 | 2008-09-08 |

This next screen shot is of “Add new sighting” view. I suggest adding here the extra check box for species that have been only heard. **Such a check box shall be also added to the ObsMapp.**

The screenshot shows the 'New Sighting' form on Observation.org. The form includes fields for protocol, date/time, area, species group, species, number, sex, appearance, activity, hostplant, remarks, and collection nr. There is a map on the right side of the form. The form is currently empty, and the 'OK' button is visible at the bottom.
